

The SAM-BOH Project

SAMMIE'S BUNDLES OF HOPE

SAM-BOH: Inspired by Sammie Doodle and in loving memory of our Schnauzer, Beau.

Our **Sammie's Bundles of Hope** project was created by my daughter, Madison, and a group of her friends, as they sat around our kitchen table, discussing ways to help children via our Sammie Doodle's therapy dog role. Sammie, our Labradoodle, is a Pet Partners registered therapy dog and a graduate of the Canine Good Citizen program.

Having a C-PTSD (complex post-traumatic stress disorder) diagnosis myself, due to surviving multiple traumas throughout childhood and into my young adult years, and having worked with children with trauma history, I know firsthand the impact of traumatic events and the critical importance of trauma-informed care and learned coping mechanisms.

We have created this project with the goal of providing bags filled with "trinkets of hope" to children who have a PTSD diagnosis, trauma history and/or trauma-induced anxiety . . . FREE of charge. We have been blessed with initial donations from friends, family and organizations to launch this project and have delivered our first round of bags to shelters and individual children.

If you know of a child who would benefit from a therapy dog visit, you can obtain information at www.petpartners.org or contact us via our website at www.sammiedoodle.com. If you are interested in donating items for our **Sammie's Bundles of Hope**, a Wish List is located on our website under the Sammie's Bundles of Hope tab. We thank you in advance for considering helping us on our mission to shine a light in dark places via our **Sammie's Bundles of Hope**!

Peace,

Teri, Madison & Sammie Doodle
